

Power Bank | 7500 mAh | 2-USB-A outputs 3.1A | Micro USB input | White

General information

Charge two devices simultaneously, such as smartphones, tablets, navigation systems, digital cameras and many other devices. This powerbank provides a convenient solution at the office, at home or while you are travelling. In addition, it features a powerful LED which works as a torch.

The powerbank enables you to charge your smartphone up to 3 times or your tablet up to 1 time.*

*Number of full charges may vary by device and conditions.

Features

- Charges 2 devices simultaneously
- Protection against overcharging, short circuiting & overheating
- LED light which works as a torch
- Charges smartphones up to 3 times and tablets up to 1 time

Specifications

Colour:	White
Material:	Plastic
Number of sockets:	2
Connection:	USB
Output voltage:	5 VDC
Technology:	Lithium-Ion
Appliance:	Smartphone / Tablet
Height:	23 mm
Width:	66 mm
Length:	96 mm
Connection input:	1x Micro USB
Packaging:	Window Box with Euro Lock
Battery voltage:	3.6 V
Input current:	1.0 A
Accessories:	Micro USB Cable
Input voltage:	5 VDC
Weight:	181 g
Battery capacity:	7500 mAh
Output current:	1x 2.1 A + 1x 1.0 A
Energy density:	27 Wh

Sales information

Order code:	UPBK7500WT
Product description:	Power Bank 7500 mAh 2-USB-A outputs 3.1A Micro USB input White
Packaging:	
Brand name:	Nedis
