Brand: Nedis | Article number: WIFILSC20CWT | Product EAN number: 5412810413508
Inner Carton EAN: 5412810415403 | Outer Carton EAN: 5412810415410

This Nedis ultra-thin COB LED strip can be used in any room and place in the house. Control it in the Nedis SmartLife application, set schedules or automations or use your favourite voice assistants to control the brightness of this COB LED strip. It connects directly to Wi-Fi, so no separate hub is required.

This COB LED strip has a warm to cool white colour scheme so it is very easy to set the preferred colour white by adjusting it in the Nedis SmartLife App.

Due to its flexibility, this COB LED strip can be used for any type of installation at home. The product has a length of 2 metres and can be shortened so it can be used for endless possibilities.
