

Tripod | Max 1.5 kg | 16 cm | Black / Orange

General information

Use this mini tripod to ensure the best image quality possible. By twisting the middle ring, the angle of the legs can be adjusted. Fold the legs together and use it as a stabiliser. The options are endless because of the removable ball head and included phone holder and action cam mount.

Features

- All-in-one tripod and stabiliser
- Smartphone holder and action cam mount included
- Removable ball head
