

Smart Wifi Speaker | 15 W | Amazon Alexa Far Field Voice Control | Black

General information

Control your music and your other smart home devices with your voice thanks to this Nedis® Smart Wi-Fi and Bluetooth Wireless Speaker that's fully integrated with Amazon Alexa.

Far field, 360° voice recognition

Offering far field hands-free speech recognition through its three integrated microphones, you can enjoy long distance, 360° voice control and recognition.

Licensed by Amazon

You'll always be right up to date with the latest Amazon Alexa developments thanks to this speaker's Amazon license which ensures 100% compatibility - now and at any time in the future.

Wi-Fi and Bluetooth connectivity

The speaker offers 15W peak power output and can easily be carried with you from room to room, with a maximum two-hour playtime from its 2200 mAh rechargeable battery and wireless/Bluetooth connectivity.

Placing you in control

A ring of indicator LEDs shows you exactly when Alexa's voice recognition is operating and receiving, but you can mute voice recognition at any time with just the touch of a button.
