

Wi-Fi Smart LED Filament Bulb | E27 | A60 | 5 W | 500 lm | Clear

General information

This smart filament bulb combines modern day technology with classic looks. It connects directly to your wireless/Wi-Fi router to offer remote and automatic control.

Easy to set up

You don't need to be a technical genius or an electrician to control and automate your lighting remotely. All you actually need is your Wi-Fi router, our intuitive app and this Nedis® Wireless Smart Bulb. No extra kit and no connecting hubs: this is home automation made simple.

Control the bulb's brightness

Connect it up and you can now control the brightness by using your smartphone or tablet. And if you're getting super smart you can even control it with your voice via Amazon Alexa or Google Home.

Set up schedules and pair with other smart products

Set up time schedules for the bulb to be switched on or create ambient scenes in an instant by pairing this bulb to other products from the Nedis® SmartLife range.
