

Coax Cable | Mini Coax | 100 m | Reel | White

General information

High-quality mini coax cable on a 100-metre reel, to distribute RGB video signals. This cable delivers proper attenuation and good double shielding against signal interference in and around your home.

Features

- 100 m coax cable on big reel for long-length installations
- Double cable shielding, for maximum protection against radio frequency interference
- High-quality oxygen-free copper (OFC) conductors, for the lowest possible signal loss

Attenuation (dB / 100 m):

100 MHz: 16.7 dB
 500 MHz: 34.8 dB
 950 MHz: 48.7 dB
 2050 MHz: 73.3 dB
 2400 MHz: 79.8 dB

Specifications

Colour:	White
Packaging:	Reel
Conductor material:	Copper
Impedance:	75 Ohm
Shielding:	Double
Connection B:	None
Cable type:	Coax
Diameter:	3.8 mm
Material:	PVC
Cable design:	MINI COAX
Cable length:	100.0 m
Insulation:	PE
CPR Class:	Eca
Connection A:	None
Dielectric Diameter:	2.4 mm
Conductor diameter:	0.40 mm
Connection A & B:	None - None
