

## RF Remote | 2 Channels

### General information

Wirelessly operate one or multiple lights/devices with this Nedis® remote control.

You can register multiple receivers per channel, so you can switch multiple lights or devices on/off with the push of a button.

Always at hand

The key-chain model fits your key-ring perfectly so you always have it with you.

Channels

This switch remote has two transmission channels.

Nedis® RF receivers store up to 5 transmission codes, so that solutions can be created quickly and easily for every conceivable situation.

Compatibility and dimmable RF receivers

Supports all on/off and dimmable receivers and works on almost all existing 433.92 MHz systems, regardless of brand.

### Features

- Easy installation
- Controls multiple lights/devices with one button
- Long battery life (battery included)
- Transmission range up to 30 metres
- Compatible with most existing 433.92 MHz systems regardless of brand
