

USB Type-C Adapter Cable | Type-C Male - HDMI Female | 0.2 m | Anthracite

General information

This USB Type-C (3.1) to HDMI Converter (DP Alt Mode) allows you to connect a computer or notebook with a USB Type-C output to a TV, monitor or beamer with a HDMI input. The maximum supported resolution is 4096 x 2160 (4K) @ 30Hz. This resolution is ideal for displaying videos, pictures, presentations etc. Please make sure the USB Type-C port of your notebook supports DP Alt Mode.

The adapter supports alt mode, a functional extension of USB-C which enables the USB connection to carry non-USB signals. Alt Mode(s) are optional capabilities that are unique to the USB-C connector or port that allow technologies, like DisplayPort and Thunderbolt 3, to be transmitted.

Features

- Video and audio converter from USB Type-C to HDMI
- Supports USB 3.1 for 10 Gbps ultra high-speed data transfer
- Supports content protection of HDCP 2.2
- Supports HDMI resolution max to 4096 x 2160 (4K) @ 30Hz
- Plug and play: a USB Type-C port with DisplayPort Alternate Mode (DP Alt Mode) is needed

Specifications
