

3G / 4G / 5G Antenna | GSM / 3G / 4G / 5G | For Outdoor | 698 - 5000 MHz | Gain: 6 dB | White

General information

Is your house or company too far away from the telephone poles. Then this Nedis 5G antenna is the solution for you.

This 5G Mimo Antenna is suitable for both outdoor as well as indoor use. Simply mount the antenna to a pole or wall. This improves and enhances your mobile signals.

This 5G Antenna is suitable for frequencies as 700-960/1400 3dBi 1700-2700/3300-3800MHz and is backwards compatible with 2G, 3G and 4G mobile networks

The antenna is supplied with 2 x 7 meter LMR200 cables.

Features

- Strong MIMO Antenna
- 2 x 7m SMA male LMR200 Cables supplied
- 5G, 4G, 3G and 2G supported
- Gain: max 6 dBi (frequency depending)
- Max Power: 50 Watt
- Impedance: 50 Ohm

Specifications

Material:	PVC / ABS
Colour:	White
Depth:	75.0 mm
Weight:	2100 g
Width:	75.0 mm
Indoor / outdoor:	For Outdoor
Impedance:	50 Ohm
Lightning protection:	Yes
Number of elements:	1
Voltage standing wave ratio (VSWR):	Less than 2.5
Maximum power:	100 W
Horizontal beam width:	360 °
Signal type:	4G / 3G / GSM / 5G
Vertical beam width:	40 °
Gain:	6 dB
Diameter of mounting pole:	30-80 mm

Sales information

Order code:	ANOR5G40ME
Product description:	3G / 4G / 5G Antenna GSM / 3G / 4G / 5G For Outdoor 698 - 5000 MHz Gain: 6 dB White
Brand name:	Nedis

Quantity	LxWxH (mm)			Weight
1	130 mm	110 mm	695 mm	2960 g
6	275 mm	340 mm	715 mm	18880 g

Package contents

- Antenna
- 2 x 7.0 m cable
- Mounting materials
- Quick start guide
