

Water filter cartridge for refrigerator

Produkteigenschaften WF003:

|                               |               |
|-------------------------------|---------------|
| Anwendung                     | Kühlschrank   |
| Anzahl der Produkte im Karton | 1 Stück       |
| Arbeitstemperatur             | 0.6 - 37.8 °C |
| Auffangvolumen                | 5600 l        |
| Durchmesser                   | 65 mm         |
| Farbe                         | Weiss         |
| Material                      | Carbon        |
| Maximaler betriebsdruck       | 8.27 Bar      |

|                     |                                                                                                                                                                                                                                                                 |
