This versatile Nedis Wireless Weather Station provides information about the indoor and outdoor temperature, as well as reporting on expected weather conditions. What's more it also doubles as an alarm clock so, come rain or shine, you'll always be up and out of bed on time!

The outdoor sensor can be sited anywhere within your garden and a further two sensors can be added easily (extra sensors not supplied). It operates by 2x AA batteries (not included) to transmit data and forecasts to the alarm clock/weather station inside via a 433 MHz frequency signal.

Sleek and stylish display unit
