This easy-to-use Wi-Fi pan and tilt outdoor camera comes with great flexibility, due to its waterproof housing (IP65). The camera can be simply connected to your existing Wi-Fi network to monitor your house or garden and record any sound or motion, whether you are at home or on the road. The Nedis SmartLife app notifies you in case of movement, so you can intervene in time.

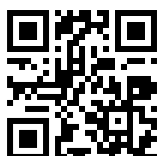

Full HD Resolution

You can keep an eye on and react to everything you see in real-time via the app. You can store your recordings on the internal memory of 16 GB. It records in Full HD resolution (1920x1080 pixels) for complete clarity of the images captured. There is also an option to save the video material in our app through an optional cloud solution.
