Nedis.com

Place this smart switch in the powerline of any wired device to turn it on and off remotely, or to automatically schedule it.

Take control of the connected device by using your voice when you use this switch with Amazon Alexa or Google Home.

It's simple to set up - connecting directly to your Wi-Fi router with no separate hub required. You can use it as a standalone smart switch or pair it with other Nedis SmartLife products to quickly create atmospheric scenes or connect up an entire smart home.
