Indoor & Outdoor | Including wireless weather sensor | Weather forecast | Time display | LCD Display | Alarm clock function

Brand: Nedis | Article number: WEST201GY | Product EAN number: 5412810305650

Inner Carton EAN: | Outer Carton EAN: 5412810378586

Nedis.com

Weather station to display the latest weather information. The weather station works with a remote sensor and transmitter and displays both the indoor and outdoor temperature. Moreover, it is equipped with a hygrometer, which measures the humidity in a room. The weather station also features a calendar and a clock with alarm and snooze function and is therefore very convenient both at home and in the office.

Features

- Wireless weather station - for instant information about today's temperature (both indoors and outdoors) and humidity
- Forecasts for future weather patterns
- Works as an alarm clock - with snooze, time and date functions
- With outdoor temperature alert
- Temperature setting in °C or °F
- Sensor operates at a frequency of 433 MHz - for uninterrupted data transfer
- Display unit can be placed anywhere within the house - operated by batteries (not included)
