Select warm white or one of the RGB colours, stream your own play list and create the very right setting for any occasion with this Bluetooth® speaker mood light.

With its lantern-shaped design integrating soft tones and natural-material details, this speaker lamp fits in beautifully in your living, garden or even on your boat... It works for 6 long hours on a single charge, completely wirelessly, providing all the flexibility to listen to your favourite tracks wherever you want.

The speaker mood light incorporates True Wireless Technology, enabling you to pair 2 speakers of the same size, delivering a stunning stereo sound.
