Operate your electrical appliances remotely with your 433.92 MHz remote control system by simply connecting them to this Nedis wireless plug. It is compatible with most well-known brands to enable easy expansion of your existing system.

Super slim - no more blocked power sockets

These super-slim wireless plugs are designed to prevent that common problem of plugs blocking adjacent sockets - our plugs are both and slim for your convenience.

Easy to set up

Pairing the plug to turn on devices or to connect them to remote controls (RFWS20WT / RFWS10WT / RFRC410WT / RFRC220WT) can be activated by pressing a single button. One plug stores a maximum of 5 different remote controls.
