A smart home not only provides living comfort integrated in clever tech solutions; it also allows for creating the perfect atmosphere to sit back and relax after a hard day's work. This smart bulb combining modern technology with a classic look fits this concept seamlessly.

Control the bulb's brightness and colour temperature

Connect it up and you can now control the brightness using the Nedis® SmartLife app on your smartphone or tablet, or with a simple voice command via Siri, Amazon Alexa or Google Home.

Same goes for the bulb's colour temperature.
