Stay connected with this compact and lightweight Nedis walkie-talkie. It comes with a charging base to easily charge the included batteries whenever needed. Even in remote places which don't always have a strong mobile network, this walkie-talkie has a reliable up to 10-kilometre communication range in open field areas. Super convenient if you go hiking, camping or for any thinkable indoor and outdoor adventure.

With 8 channels and 38 CTCSS codes (subchannels) each, it's not very likely someone else is tuned to the same channel, which prevents interference and guarantees your conversations to stay private.
