Take control of your lights with this smart bulb that connects directly to your wireless/Wi-Fi router to offer remote control as part of your home automation system.

Easy to set up

You don't need to be a technical genius or an electrician to control and automate your lighting remotely. All you actually need is your Wi-Fi router, our intuitive app and these Nedis Wireless Smart Bulbs. No extra kit and no connecting hubs: this is home automation made simple.

Control the bulb's brightness and colour

Connect them up and you can now control the brightness and the colour of these bulbs from your smartphone or tablet. And if you're getting super smart you can even control them with your voice via Amazon Alexa or Google Home.
