With this active Nedis DVB-T/DVB-T2 in-house-antenna you can be reassured of a stable connection. This antenna receives signals from transmission towers within a radius of 25km from your house. With this antenna it is able to receive more than only DVB-T/DVB-T2 signals, this antenna also receives DAB and FM signals. To prevent interference from 4G / 5G signals, this antenna uses an LTE-700 filter. Within this 25km radius you are assured of a stable connection and crystal clear images of free-to-air channels and your favourite paid (subscripted) channels.
