Doorstep Window Alarm

Battery Powered | 2x CR2032 | 85 dB | White

Brand: Nedis | Article number: ALRMGBD20WT | Product EAN number: 5412810329007

Inner Carton EAN: 5412810394654 | Outer Carton EAN: 5412810378746

Nedis.com

This ultra-thin glass break detector has an integrated window / door alarm which will activate when the window or door glass is broken or when the door / window is opened.

The switches on the side of the alarm allow you to switch it on and off as necessary and to adjust the detection sensitivity.

Its thin profile makes it ideal for mounting on a window or door.

The alarm requires 2 x CR2032 batteries (included) which have an average life of one year. The alarm will indicate when the batteries are almost empty and you can press the "battery test" button at any time to check your batteries' status.

Features

- Ultra thin design
- Ideal for vulnerable entry points
- Toggle switch to select detection sensitivity
- Toggle switch to select on/off mode
- No tools required for installation
- Batteries included offering one year battery life for normal usage
- Battery test button
- Warning sticker visible outside
