CATV Amplifier

Gain: 9 dB | 85 - 1218 MHz | Number of outputs: 4 | Return path | Silver

Brand: Nedis | Article number: SAMP41148ME | Product EAN number: 54 12810330461

Inner Carton EAN: 54 12810396801 | Outer Carton EAN: 54 12810384587

Nedis.com

This CATV amplifier with gain control and slope control offers one output to provide ultra-clear TV signals, with a gain of 12 dB, when connected to your television set up.

It creates an active return path which supports interactive TV and a cable (internet) modem.

Features

- Ultra-clear TV reception - and more reliable TV quality
- Gain control - allows you to match the amplifier input to the source output
- Return path - supports interactive TV and a cable (internet) modem
- Slope control - to compensate loss of signal.
- Plug and play - the F connector makes installation simple
