Brand: Nedis | Article number: FISC3650BK | Product EAN number: 5412810330317

Inner Carton EAN: | Outer Carton EAN: 5412810405688

Rediscover your treasured memories with this Nedis film scanner. It makes it simple to scan your old negatives, films and slides directly on to your computer.

What's more, it enhances their quality.

If you have torn or crumpled an old photo, but still have the negative, film or frame, you'll be able to scan these and print your favourite photos again directly from your PC.

Features

- One button converts 35 mm negatives, films and slides into jpg digital images and save into your PC (Windows 7 / 8 / 10 / 11) or Mac (macOS 10.14 - 13.2.1) via USB.
- Digitises to JPG files of 5MP or 10MP (Interpolation) at 1800 DPI or high resolution 3600 DPI (Interpolation)
- Easy to use - with quick, single pass scanning
- Full-colour scanning, automatic exposure and automatic colour balance
- Powered by USB from your computer - no extra power adapter needed
