Nedis.com

Fed up with the car radio? You can enjoy your own playlists while driving with this Nedis Bluetooth® 5.0 FM transmitter. With this device you can play music from smartphones or tablets through your car radio.

With the freeway button you can activate the advanced built-in pro microphone while driving so that it puts on noise cancelling to capture your voice more clearly. The voice assistant activation function enables hands-free calling for safe driving and the LED display helps you to see perfect. It is adjustable to position the large LED display perfectly.
