This Nedis microphone table tripod enables you to mount and position your microphone in a stable way with the rubber feet. It has an adjustable height range of 194 to 230 mm. The microphone holder can be adjusted up to 180 degrees if needed to position it.

The included nylon pop filter can easily be positioned with the super flexible 360 degrees neck. It efficiently reduces or eliminates side noises and air currents to improve the recorded speech and singing quality.

The microphone table tripod can be taken with you, because it can be easily disassembled and folded when needed.
