Binocular

Magnification: 8 x | Objective lens diameter: 21 mm | Field of view: 128 m | Travel bag included | Black

Brand: Nedis | Article number: SCBI1000BK | Product EAN number: 5412810330867

Inner Carton EAN: | Outer Carton EAN: 5412810382682

This lightweight binocular can easily be taken with you when you are hiking or travelling. The rubber grip on the housing makes sure you have a firm grip and offers good protection. The dioptic correction makes it possible to adapt the eye pieces to every eyesight.

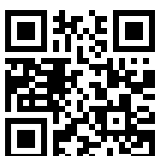

The best viewing result with this binocular is during the day time.

This model is a Roof Prism type binocular.

Features

- The binocular has a magnification of 8x.
- The magnification number indicates how many time an object is magnified by the lens. The larger the number the higher the magnification.
- For a binocular with magnification 7 or 10 is most useful. When the number is higher it will result in less stability of the image.
- Objective lens diameter: 21 mm
- This indicates how much light is let through the binocular lens.
