This easy to use Smart Outdoor IP Camera can be simply connected to your existing Wi-Fi network to monitor the outside areas of your house and record any sound or motion.

The waterproof metal housing and 15 metre night vision results in a reliable solution for everyday use all year long.

Watch, listen and speak live to whoever is in front of the camera or watch back recordings made either on the MicroSD card (not included) or in the cloud (subscription based).

Recordings can be made continuously, scheduled or triggered by motion or sound.

Full HD (1920x1080) recordings are stored either on a Micro SD card up to 128 GB (not included) or in the cloud (subscription based).
