Nedis.com

This Nedis® short throw projector wall mount is perfect to show perfectly angled and stable images for most short throw projectors weighing up to 15kg/33lbs. It is made to give a projector tilt, rotate, and swivel flexibility when needed. The telescopic arm with column design allows you to position the projector perfectly for optimal viewing angles. The convenient adjustable support arms fit most short throw projectors. The integrated cable management keeps a neat and clean appearance. Including all required materials to enable fast and easy installation so that it is easy to install.

Features

- Short throw projection – for projecting images on short distance to the projection screen or wall
- Telescopic arm with column design - allows perfect positioning of the projector
- Strong and durable – to hold up to a projector weight of 15 kg/33 lbs
- Tilt functionality - for the best viewing angle
- Swivel functionality - offers maximum viewing flexibility
- Rotating functionality - for optimal viewing angles
