Take control of your lights with this smart bulb that connects directly to your wireless/Wi-Fi router to offer remote control as part of your home automation system. You can control the bulb's colour and brightness with the Nedis SmartLife app or link the bulb to Google Home or Amazon Alexa to operate it with your voice. For more convenience, you can also use the Smart remote control to easily turn the Smart Bulb on and off or adjust its brightness.

Thanks to the timer function, you can create time schedules for the bulb to switch it on or off or create smart scenarios in an instant by pairing this bulb to other products from the Nedis SmartLife range.
