Make your everyday life easier and smarter with this Smart Kettle. Connect it to your Wi-Fi using the free Nedis SmartLife app, fill it with water and control it from wherever you're located. Whether you are lying in bed, sitting across the room, or on your way home, a single touch of a button on your phone or a simple voice command to your favorite voice assistant will turn on the kettle.

The smart kettle does not only boil the water for you, it can also heat it to any set temperature as well as keeping the water warm. All of this is possible using the app, voice commands, or by using the touch LED display on top of the handle.
