This stylishly designed coffee maker with black finishing has a glass jug with a capacity of 1.5 litres, which makes it suitable for making 12 cups of coffee.

The coffee maker is very practical in use and has a removable filter holder and a washable coffee filter for extra convenience. The 30-second anti-drip function ensures that no coffee is wasted and after 40 minutes of keeping it warm, the device switches off automatically.

The indicator light at the on/off switch shows you at a glance if the coffee maker is switched on. The nonslip feet make sure it stands stable on the countertop.
