Nedis.com

Wirelessly connect this Smart Wall Switch to your Zigbee Gateway and control any SmartLife products with the touch of a button. Each of the four buttons can use 3 different commands: short press, double press and long press. Resulting in an amazing 12 options.

Switch a light on, dim the light or switch it off, all with a single button. Set the temperature of your heater or air conditioner with the other button or run complete automations with multiple products with a another button. You can even program them to do something different, depending on the time of day.
