SmartLife LED Strip

Wi-Fi | Multi Colour | 5.00 m | IP20 | 2700 - 6500 K | 400 lm | Android™ / IOS

Brand: Nedis | Article number: WIFILX51RGB | Product EAN number: 5412810337255

Inner Carton EAN: 5412810386024 | Outer Carton EAN: 5412810349630

Make your decorations more festive than ever with this smart RGB string of lights. Besides free choice of any colour you can also set the brightness to your liking. Besides just changing brightness or colour, you can also set this string to show multicolour moving patterns or use the integrated microphone to have the lights respond to your music or other sounds.

Installation is easy as it connects directly to your home Wi-Fi, so no additional hub required. Control the lights using the free Nedis SmartLife app, set automations based on timed schedules, sunset or other Nedis SmartLife products. In combination with Google Home or Amazon Alexa, you can even give voice commands to change the colour and brightness of the light.
