This stylish designed Nedis coffee maker with stainless steel finishing has a glass jug with a capacity of 1.5 litres, which makes it suitable for brewing up to 12 cups of coffee.

The coffee machine is very practical in use and has a reusable nylon filter holder which makes it a sustainable alternative for regular disposable coffee filters. Due to the fact that the filter is removable, cleaning is super easy. Another convenient feature is that the water tank is detachable, so water can be poured directly from the tap.
