Grill the perfect panini or even meat, fish, or vegetables with this Nedis contact grill. Thanks to 1500-Watt power, this contact grill heats extremely quickly. Set up your desired temperature via the temperature control knob and the indicator light shows exactly when the contact grill is ready for use. The floating hinge system allows you to grill thicker food on the 27.8 x 17 cm-sized baking surface and can also be locked to avoid your food being flattened. The contact grill can even be folded open 180°, so you can use it as a table grill.
