Digital Audio Converter

2-way | Connection input: DC Power / 1x HDMI™ Input | Connection output: 1x 3.5 mm / 1x TosLink / 3x HDMI™ Output | Automatic / Push Button | Anthracite

Brand: Nedis | Article number: ACON3445AT | Product EAN number: 5412810404636

Inner Carton EAN: 5412810407125 | Outer Carton EAN: 5412810404643

This Nedis bridge splits your eARC signal into ARC and eARC. It supports the latest high-bit rate audio formats (192kHz), among which DTS Master, DTS:X, Dolby TrueHD, Dolby Atmos, to User's Home Entertainment devices. In addition, the signal can be split for your TV and your soundbar or Hi-Fi set.

Video streaming services are available on your Smart TV via TV apps. If your TV does not support high-bit rate audio formats then you can transfer your streaming signal from your TV to the ACON3435AT, which will transfer the high-bit rate audio signals to your eARC supporting audio device. Such as eARC soundbar or receiver. Besides this it can also transfer your non-high bit audio via toslink or 3.5mm to your receiver.
