Gaming Headset

Over-Ear | Stereo | USB Type-A / 2x 3.5 mm | Fold-Away Microphone | 2.20 m | LED

Brand: Nedis | Article number: GHST250BK | Product EAN number: 5412810411122

Inner Carton EAN: 5412810412334 | Outer Carton EAN: 5412810412341

This Nedis gaming headset with LED light effect brings every gaming experience to the next level. The stereo sound enables high quality sound from multiple audio channels through the left and right ear, so you can distinguish different sounds at the same time. This makes the headset ideal for gaming and movies.

These over-ear round cups of the headphones, the lightweight design and the soft ear cushions offer great comfort and make these headphones suitable for hours of entertainment. The ear cups are also integrated with LED illumination to upgrade your gaming experience even more.

The ultra-clear quality of the adjustable microphone ensures total immersion and is flexible and foldable so you can fold it into any angle.

Features

- Stereo sound for determining different audio levels simultaneously
- Over-ear round ear cups and soft ear cushions for ultimate comfort
- Highly sensitive, flexible and foldable microphone
- Lightweight design for long periods of game play
- LED light effect to upgrade your gaming experience
- In-line remote control
