These universal Nedis® speaker floor stands with a discrete design are ideal for most satellite speakers and small bookshelf speakers. Get the very best sound performance from your speakers with these floor stands, finished in black colour.

A sturdy and stable base with steel pads for wood and tile floors and steel spikes for carpeted surface acoustically isolates the stands from flooring and ensures stability. It has a total height of 500 mm and a top base of 250x200 mm to put on the speaker with a maximum weight of up to 10 kg. The hidden internal cable management inside the vertical back column keeps the wiring organized for a clean and neat look.

Features

- Universal design - fits a wide range of speakers
- Strong and durable - with a maximum supported weight of 10 kg per stand
- Weighted base - ensures stability and reduces secondary sound vibrations
- Steel pads and spike feet included – pads for wood and tile floors and spike feet for carpeted surface which acoustically isolates the stands from flooring
- Integrated cable management - to keep everything organized
