This Nedis 2.5" HDD Enclosure allows you to create your own portable hard disk. Simply mount your own desired hard disk in the external enclosure and make backups or bring your files, photos and movies everywhere.

Your hard disk will be kept cool because of the excellent heat conduction of the aluminum enclosure. The HDD enclosure is suitable for SATA III hard disks but also backwards compatible with SATA I & SATA II hard disks. You can enjoy high-speed data transfers up to up to 5 Gbps.

It comes with two cables so it can be used on both USB-A as USB-C ports. The screwless design makes it easy to build in your hard disk.
