This Nedis Smartlife stand fan is really an addition to any interior with its sleek design. The large blades are generating a refreshing breeze. You can easily adjust the rotation speed of the powerful 3-speed motor with the touch sensitive buttons or via the remote control. All functions can also easily

be controlled remotely with your smartphone. Simply connect the fan to your Wi-Fi router - there's no need for an additional hub or gateway - and use the app to control its speed, horizontal pan or set it on a timer or to a schedule.

With Google Home and Amazon Alexa you can even control this fan with your voice.
