Inner Carton EAN: 5412810439492 | Outer Carton EAN: 5412810439508

Nedis.com

With this Nedis wireless charging pad you can easily charge the latest iPhone models or other Qi-enabled devices wirelessly. It has an output power of 15 watts and supports fast charging, which will recharge your phone's battery in no time. The overcharge and overload protection ensure that your device does not receive too much energy.

The two colour LED light indicates charging status so you know when your smartphone is charging correctly. The lightweight design makes this charger perfect for travel or use at home or in the office. A USB-A to USB-C cable is included with this charging device.

Features

- Wireless charging pad with a flat design
- Up to 15W fast wireless charging
- Suitable for latest Apple iPhone models
- Suitable for latest Samsung models with wireless charging compatibility
- Charges all Qi compatible devices
- A lightweight design, easy to take with you
