Bicycle Light

Battery Powered | 5 V DC | 3 W | Batteries included | Rechargeable | 100 m | 110 °

Brand: Nedis | Article number: LBICYCLER10BK | Product EAN number: 5412810450787

Inner Carton EAN: 5412810450879 | Outer Carton EAN: 5412810450886

Nedis USB Type-C rechargeable LED bike light set for safe cycling day and night. Illuminate your path with confidence using our front light boasting an impressive 400 lumens, ensuring visibility even in the darkest of nights. The rear light, shining with 4.5 lumens, enhances your visibility to others on the road, enhancing your safety.

With six versatile lighting modes, including full brightness, half brightness, fast flashing, and slow flashing, you can adapt to any environment seamlessly. Enjoy hassle-free installation, thanks to the user-friendly rubber straps that securely fix the lights to your bike without the need for tools.
