Brand: Nedis | Article number: DOORB310BK2 | Product EAN number: 5412810454464

Inner Carton EAN: 5412810455393 | Outer Carton EAN: 5412810455409

This Nedis Wireless Doorbell Set set consists of a battery operated bell push button and two plug-in indoor units. Like this you can install the receiver on multiple places in house. Because you can simply plug the indoor unit into the power outlet, you never have to change batteries.

The doorbell set operates entirely wirelessly, making it easy to use. Experience crystal-clear communication with our interference-free digital signal which makes it also suitable to be used in well-insulated new-build homes. In an open space, this signal reaches up to 150m, more than enough to use anywhere in the house.

Features

- Doorbell set with 1 button and 2 plug-in receivers
- Mains powered receivers and battery powered transmitter
- Interference-free digital signal with a range of up to 150m
- 58 melodies to customise your personal preference
