

Bluetooth® Multi Adapter | Connection output: 1x 3.5 mm | SBC | 7 hrs | Built-in microphone | Volume control | Automatic power off function | Black / Grey

Product specifications BTMA200BK:

|                                  |                          |                               |                 |
|----------------------------------|--------------------------|-------------------------------|-----------------|
| Automatic power off function     | Yes                      | Maximum transmit antenna gain | 2 dBi           |
| Automatic power off time         | 10 min                   | Maximum transmit power        | 4 dBm           |
| Battery capacity                 | 300 mAh                  | Number of products in package | 1 pcs           |
| Battery type                     | Built-In Lithium-Polymer | Power cable length            | 0.80 m          |
| Bluetooth® signal range          | 5 m                      | Power cable side A            | USB             |
| Bluetooth® version               | 4.2                      | Power cable side B            | Micro USB       |
| Built-in microphone              | Yes                      | Power plug                    | Car Adapter     |
| Colour                           | Black                    |                               | Micro USB       |
|                                  | Grey                     | Power source type             | Battery Powered |
| Connection output                | 1x 3.5 mm                |                               | Car Powered     |
| Device power input connection(s) | Micro USB                | SmartLife                     | No              |
| Input current                    | 1.0 A                    | Supported Bluetooth® codecs   | SBC             |
| Input voltage                    | 5 V DC                   | Supported Bluetooth® profiles | A2DP            |
| Material                         | ABS                      |                               | AVRCP           |
|                                  | Aluminium                |                               | HFP             |
| Maximum battery charging time    | 2 hrs                    | Supported wireless technology | Bluetooth®      |
| Maximum battery play time        | 7 hrs                    |                               |                 |

|                          |                 |
|--------------------------|-----------------|
| Transmit frequency range | 2402 - 2480 MHz |
| Volume control           | Yes             |

Packaging information:

|                    |                          |
