

SmartLife Indoor Camera | Wi-Fi | Full HD 1080p | Cloud / microSD | Night vision | Android™ & iOS | White

General information

An essential addition to any smart home system, this Nedis® Smart Home IP Camera connects directly with your Wi-Fi network - no additional hub required - to be triggered by any motion and sound in the room.

Smart IP Camera

Home automation just got simpler. This easy to use camera can be easily connected to your existing Wi-Fi network to monitor rooms for any sound or motion. It records in Full HD resolution (1920 x 1080 pixels) for complete clarity of the images captured. In addition, the camera is just as powerful at night: infrared LEDs provide night vision to a distance up to 5 m.

The camera supports microSD cards of up to 128 GB (not included) to offer plenty of footage storage and its compact design means it can be placed anywhere within your room to record a viewing angle of 120° thanks to its 1/2.9" CMOS sensor.
