Brand: Nedis | Article number: RDFM2100GY | Product EAN number: 5412810272433
Inner Carton EAN: 5412810396764 | Outer Carton EAN: 5412810384341

You can kiss goodbye to bad signals and reception with this Rechargeable FM Radio with PLL Tuning. PLL helps to deliver a crystal-clear sound where other radios just deliver interference, and the 50 pre-set stations ensure your favourite shows are never hard to find.

Thanks to its microSD card slot and USB port you can choose whether to sing along to your radio station's playlist or listen to one of your own. With a peak power of 3.6 W, this small, portable radio has a surprisingly rich and robust sound.

The LED display provides information about the station you are currently locked into and the rechargeable battery gives you the freedom to roam.

Features

- PLL tuning - for interference-free radio
- 50 pre-set stations - to store your favourites
- Clear LED display - for at a glance information
- Insert a microSD card or USB flash drive - to play your own music
- Rechargeable battery - for music on the move
