Card Reader

Smart Card (ID) | USB 2.0

Brand: Nedis | Article number: CRDRU2SM3BK | Product EAN number: 5412810304127

Inner Carton EAN: 5412810394876 | Outer Carton EAN: 5412810379699

Identify or authenticate yourself online and sign legally-binding documents with an electronic signature simply by inserting your smart card into this reader.

Compatible with a wide range of smart cards, the reader takes the hard work out of completing online forms. Simply insert your card and your personal information appears on-screen, saving the need to enter your details manually.

Perfect for a vital extra layer of security for those who use online banking or online tax reporting, the reader can also be used by parents to restrict access to 'adult' content and internet sites when children are online.

This reader has been designed for desk use with a stand to hold it securely in place.

Features

- Designed for use on a desktop
- Easy online authentication and identification
- Simple, secure auto-fill of online forms
- Perfect for online tax reporting and banking
- Ideal for restricting internet access for children
- Allows you to create a legally binding electronic signature for documents
