Nedis.com

This Nedis turntable allows you to listen to your vinyl collection and convert it into digital files via your computer. The built-in speakers offer a 2x 9W peak power sound output and allow you to just kick back and listen to your records with no complicated setup or hassle. Its brown finish makes it a great addition to any room and you can even connect the turntable to your home stereo system using its RCA output. The belt drive turntable can play all your vinyl records, whether they're 33 1/3, 45, or 78 rpm.

Features

- PC conversion - connects to your computer via USB to turn your favourite records into digital music files
- 33, 45 and 78 rpm speed settings - to let you listen to all of your vinyl collection records
- Two lightweight speakers - offering 2x 9 W peak power output of crisp sound
- RCA line-out - for boosting the sound even further by adding external speakers
- Transparent cover - to protect your turntable against dust, spills, scratches, water and other contaminants
