This Profigold High Speed HDMI™ with ethernet cable is a high quality cable to connect a set-top box, a computer, a game console or other device. The cable allows you to transfer an audio/video signal to a television, monitor or projector and has on both sides a HDMI A male plug.

The High speed HDMI™ with ethernet cables support a maximum resolution of 4K@60Hz and bandwidth up to 18 Gbps. In addition, technologies such as 3D, ARC, HDR, HDCP and HDMI-CEC are also supported. HDR provides brighter highlights with a wider range of colour detail, which shows a perfectly realistic image.
