Wouldn't it be cool to make your own fluffy, home-made candy floss? Add a nostalgic twist to your street party, kids' birthday or themed party with this Nedis cotton candy machine.

There's not much to it, turn on the machine, then simply pour the ready-to-use sugar into the rotating ring with the included spoon. Or make your own mixture by adding your favourite, vibrant food colourings and essences to granulated sugar. You can even use hard candy, so throw in some sugar-free sweets and make yourself a low-calorie treat. Stir it well until candy floss is formed. You can then use this spoon as a candy floss stick.
